

**STATEMENT OF CANDIDATE FOR
US REPRESENTATIVE, 1ST DISTRICT**

MARTY WALTERS

Occupation: Environmental Scientist

Education and Qualifications: The people of this congressional district are resourceful, independent, innovative, and hard working. Now it's time for Congress to catch up.

I understand the importance of our region to the success of California and the United States, and I want our government to better support our hard work through good-quality healthcare and education, living-wage jobs, twenty-first century infrastructure, smart environmental management, and retirement security. As a single mother who raised three young adults in Plumas County, I know how challenging it can be to find success in our rural communities.

We can create a New Rural Economy in Northern California by collaborating with our small businesses and entrepreneurs and building upon the District's unique resources and character. We can put sustainable forestry front and center, reducing wildfires and protecting watersheds while preserving ecosystems, creating jobs, and keeping public lands accessible for recreation. We can develop new local industries, making products that help us respond to climate change. We can bring back rural communities as centers for arts and culture, services, and remote work, all supported by reliable high-speed internet. Let's make that our reality.

As an environmental scientist for 30 years, I've cleaned up big messes, responded to disasters, and managed large, complex projects, cutting through a tangle of regulations to get stuff done. I've worked around the world at the intersection of environmental protection and economics, and now I'm ready to work for you.

**STATEMENT OF CANDIDATE FOR
US REPRESENTATIVE, 1ST DISTRICT**

JESSICA JONES HOLCOMBE

Occupation: Business Attorney

Education and Qualifications: UC Davis Law and Business School

I'm running for Congress because I'm fed up with rampant corruption, closed-door attitudes and irresponsible decision-making in Washington. I'm a fourth generation Northern Californian and the oldest of 7 kids. Growing up, we were poor and at times homeless and left without health insurance. Through hard work and fair access to federal financial aid, I was able to attend college and escape poverty.

California is home to more super rich than anywhere else in the country, but we also have the highest poverty rate in the nation when cost of living is taken into account. Income disparities in the North State are also among the highest, as costs of healthcare, childcare, housing and college education skyrocket. Most families in our district live on less than \$50,000 a year, leaving them with little or no savings. This must change!

I'm committed to serving all families in our great district. I'm a fierce defender of Medicare and Social Security. I support high quality public education and access to affordable health care for all, and I'll be your champion for our North State. I firmly believe that the just reward for hard work and playing by the rules is a "fair chance," not a hand-out.

I would be honored to be your Congresswoman. I'll use my negotiating experience as a business attorney to reach across the aisle in Congress without compromising our values. Together, we can bring back the American Dream! Please visit HolcombeforCongress.com

**STATEMENT OF CANDIDATE FOR
US REPRESENTATIVE, 1ST DISTRICT**

AUDREY DENNEY

Occupation: Educator/Farmer

Education and Qualifications: Tehama County deserves a representative who will listen to your concerns and fight for the issues you care about. I grew up on a family farm in rural California and I value the rural lifestyle. I have spoken with many of you in coffee shops, community halls, churches, main streets, and back roads of our district. Here, we've recognized our shared vision of a thriving local economy with dignified jobs that sustain our available talent pools and encourage the next generation to raise their families in our communities. I will work for a future in which all students have access to quality education, and are prepared for jobs in our communities through Career and Technical Education. I will prioritize investments in infrastructure, to ensure residents have reliable internet and cell service. I will work to ensure no person must choose between bankruptcy and health care, while upholding our commitment to veterans by fully funding the VA.

Work ethic, responsibility, and servant leadership were instilled in me throughout my involvement with 4H and as a state FFA officer. I've proudly built my deep background in agriculture, education, and nonprofit leadership upon these tenets while teaching agriculture at Chico State, owning a small ag business, volunteering at church, and doing agriculture development work overseas. I will bring these same rural values to Washington, where I will fight to get corporate money out of politics and get our government back to work for you. www.audreyforcongress.com

**STATEMENT OF CANDIDATE FOR
US REPRESENTATIVE, 1ST DISTRICT**

DAVID PETERSON

Occupation: Small Business Owner

Education and Qualifications: I am the independent candidate in this congressional race. I am not beholden to the establishment nor corporate donations & bribes. My career has been building financial systems for Fortune 500 companies that highlight mismanagement & expose executives who commit fraud. This is exactly what we need in Washington D.C.; so that Voters can hold congress accountable every day, not just on election day.

All Americans want the federal government to spend our money conservatively and wisely. Taxes have been cut, but spending on crony no-bid contracts has not. Corruption will continue to get worse until Voters Oust their incumbents who maintain the status quo. I will champion legislation to put teeth into the Emoluments Act and FEC campaign laws, so these crooks get jail time.

I will work to end corrupt laws preventing residential solar, beyond personal use. I will cut numerous Red-Tape restrictions slowing the Green Energy Transition, including fossil fuel subsidies. The result will be new jobs for Northern California.

I will lead congress to complete the transition from overpriced health insurance to lower cost health insurance for all.

I will champion Legislation to require 100% public access to all lobbyist requests of congress. We will expose the backroom deals that drive massive bribes into our elections. I will replicate Trump's successful price slashing of Air Force One & F-35 fighters. There are numerous good & services the Federal government pays triple the price.

s/ David Peterson

**STATEMENT OF CANDIDATE FOR
STATE ASSEMBLY, 3RD DISTRICT**

JAMES GALLAGHER

Occupation: Assemblyman/Businessman/Farmer

Education and Qualifications: As your Assemblyman, I am proud of the victories I've helped deliver for the North State. I authored and passed new laws that speed up the construction timeline for Sites Reservoir and help stop the placement of out-of-town sexually violent predators in our rural areas. In the wake of the Oroville spillway crisis, I passed legislation to improve dam safety standards and am leading the charge to hold the Department of Water Resources accountable. Working across the aisle, I helped expand internet access and pass legislation that requires drug companies to provide justification for any large price increases.

Our battle is against corrupt government. Special interest lobbyists for big business and big government aren't looking out for us. Every time I travel to the State Capitol, I have only one thing on my mind: Fighting for the hard working people in my District.

There is still much work to do to preserve our North State way of life and fight back against out-of-touch Sacramento politicians. We must put the brakes on high-speed rail and the twin-tunnels. We must strengthen the safety of our schools, which have become the ultimate soft target for deranged killers. We must protect Prop 13, stop tax increases, and eliminate wasteful spending. Finally, we must restore balanced representation in the Legislature so that San Francisco and Los Angeles no longer dominate policy decisions.

I'd be honored to earn your vote and continue to represent you in the Assembly. Please visit www.GallagherforAssembly.com to find out more.

ROBERT A. HALPIN

AGE: 64

Occupation: Retired

Education and Qualifications: A 1991 graduate of CSU, Chico, I've been a resident of Tehama County since 1997 when I became employed with the Tehama County Planning Department. I retired from the Department as a Planner III, Senior Planner, in 2016. I have lived in the Antelope area since 2000.

As a former Planner for the County, I bring a unique perspective and experience to the table. I have a thorough understanding of the policies and procedures for the implementation of CEQA, NEPA, SMARA, Williamson Act, LAFCo, Subdivision Map Act and ALUC. My experience as a Planner, Chair of the Tehama County Technical Advisory Committee, Montague Planning Commissioner, and member of a Community Task Force, gives me the expertise to offer a different viewpoint to the citizens of Tehama County.

For twenty years I have listened to the issues expressed by the concerned citizens and I have a deep and undeniable desire to address those concerns as your next District 3 Supervisor.

In these times, many people believe government infringes on the freedoms and desires of the people. It's time to vote for elected officials who will find common ground and see it as their duty to protect the liberties of their constituents.

**STATEMENT OF CANDIDATE FOR
SUPERVISOR, 4TH DISTRICT**

ROBERT A. "BOB" WILLIAMS

AGE: 60

Occupation: Supervisor, District 4

Education and Qualifications: As a fifth generation Tehama County native, I am proud to be able to give something back to the community that has given so much to my family through the years.

My family's farming and ranching tradition has taught me the benefits of a rural lifestyle and how to face difficult decisions. In order to succeed, we must be forward thinking and not be afraid of the challenges that life may throw our way.

It is important that we have people in public office who are capable of handling tough challenges. We need people who will listen and are willing to do the work necessary in order to make educated decisions. My experience and willingness to face difficult issues head-on are what Tehama County needs.

As Supervisor, I continue to work for the citizens of Tehama County to improve our economy, protect local revenues and natural resources, reduce unnecessary State and Federal regulation, and retain local control. I always look for ways to make our county government more proactive, effective and efficient, and to maintain a positive vision for the future.

I thank you for your continued support and would appreciate your vote on June 5.

ALAN MACFARLANE

AGE: 65

Occupation: Health Psychologist

Education and Qualifications: MA (1983/SSU)
With my background as a USAF Combat Law Enforcement Patrolman (Honorable 71-75) and my Masters in Psychology from CSUS (1983), I want to work with the Tehama County agency to turn around the opioid epidemic. We must stop sending our children who are sentenced to Juvenile Hall and are moved on to some privatized corporation where they are made worse and build a Juvenile Hall here so we can take care of our own children.

With that said, Tehama County is not prepared, in any respect, for a Shasta Dam collapse. I have You Tube video on the matter. There is no escape or survival plan nor a siren warning or radio alert system for a Shasta Dam Disaster – Tehama County https://youtu.be/oe_s9v8Ybgw

We lack hardware in the Fire Dept to stop urban fires before they reach the population centers. A 20-minute response time is inadequate when a mass murder is in progress when a manned sub-station would make it 20 seconds to save lives.

I have completed hundreds of hours in advanced officer training, including police supervision and ethics. I have the experience and knowledge to take your Sheriff's Department in the right direction. We need better patrol coverage for outlining areas, better service to our citizens, honesty and complete transparency in what we do, and most importantly the protection of you, your families, and your property. It is your Sheriff's Department and I will make it accountable to you, the citizens of Tehama County, and I also ask you to hold me accountable with that responsibility. With your support and vote, together we will make our county safe.

**STATEMENT OF CANDIDATE FOR
SHERIFF-CORONER**

STEPHEN HARPER

Education and Qualifications: I'm a lifelong resident, graduated from RBHS. Attended Shasta and Butte Colleges, graduate of Police Academy. I began as Resident Deputy in Burney area, Shasta County. I later joined the Anderson Police Department. I'm currently with the Red Bluff Police Department, Corporal.

15 years experience in both City and County law enforcement as a rural crime investigator, active shooter instructor, K-9 handler, watch commander, supervisor, a detective and created Problem Oriented Policing Unit for the City of Red Bluff. Experience writing grants for law enforcement funding.

I know your concerns about domestic abuse, burglaries, thefts, home invasions, crop and livestock theft, lack of patrols and the safety of our children. Crime victims complain responding deputies don't bother looking at evidence, reluctant to even file reports! Sheriff Deputies visited the Rancho Tehama shooter over 20 times but did nothing because he wouldn't come outside! It was a tragedy but entirely preventable. I will do better.

We will be proactive. It is time for new ideas and solutions. We will identify potential problems, as well as problem areas, and their solutions ahead of time. Do you really feel safer than 8 years ago?

I respectfully ask for your vote.
