

ORDINANCE NOS. 1924 and 1929
(MARIJUANA DISPENSARY INTERIM ORDINANCE)

Report Pursuant to Government Code section 65858, subdivision (d)

The County of Tehama makes the following report pursuant to Government Code section 65858, subdivision (d) with regard to Ordinance Nos. 1924 and 1929:

During the term of Ordinance Nos. 1924 and 1929, the Tehama County Planning Department, in consultation with the Sheriff, District Attorney, County Counsel, Executive Director of the Tehama County Health Services Agency, and the Board of Supervisors' ad hoc committee on marijuana cultivation, has undertaken diligent efforts to expedite the consideration and study of possible means of regulating or prohibiting Marijuana Dispensaries, including zoning regulations and other regulations. The efforts have included obtaining public input regarding possible permanent dispensary regulations, consultation with officials in jurisdictions that have adopted such regulations to obtain practical insights, and review of the recently filed decision in *Qualified Patients Assoc. v. City of Anaheim* (Aug. 18, 2010, G040077) ___ Cal.App.4th ___ concerning, among other things, the interplay between state and federal marijuana laws. These efforts have been directed toward alleviating the conditions which led to the adoption of Ordinance Nos. 1924 and 1929 by promoting the prompt determination and implementation of the zoning and other regulations that will effectively mitigate the secondary impacts otherwise resulting from unregulated marijuana dispensaries.
