See [Upcoming Events](#) for the Winter and Spring 2015 calendar of collection events.

## DID YOU KNOW?

- The United States produces approximately 2,000,000,000 extra pounds of waste between Thanksgiving and New Year's Day. That's about 6.33 extra pounds of trash per person. Help do your part to **cut down on waste** by using **smarter purchasing practices, recycling, reusing and composting**. You will be amazed at how much of an impact just a small change in your habits can make.
- It is **ILLEGAL** to put batteries, fluorescent tube and CFL light bulbs and other [household hazardous waste](#) in the trash. It could contaminate our ground water and poison our beautiful County. Instead, **round up that household hazardous waste!** Visit [www.tehamacountylandfill.com](http://www.tehamacountylandfill.com) for convenient recycling options for alkaline and rechargeable batteries, oil and latex paint, used motor oil, used gasoline and oil filters, electronic waste, and fluorescent tube and CFL bulbs. Other household hazardous waste can be taken to the Tehama County/Red Bluff Landfill Household Hazardous Waste Facility and Corning Household Hazardous Waste Facility during scheduled monthly collection events.

**Questions?** Please call the Tehama County Sanitary Landfill Agency at (530) 528-1103, visit <http://www.tehamacountylandfill.com> or email us at [tehamacountyrecycles@co.tehama.ca.us](mailto:tehamacountyrecycles@co.tehama.ca.us).

As always, please **do not forget to recycle!**  
It's good for the County and good for the wallet.
