DID YOU KNOW?

As one of the first holidays of Spring, Easter is the perfect time to turn over a new leaf. There are many ways you can influence the Easter Bunny to incorporate waste-reduction and recycling into your festivities. Here are a few to get you started:

- **Reuse your baskets.** Remember, Easter comes every year! Instead of purchasing a new basket, fill the baskets from last year with goodies. It'll save you money and reduce landfilled waste. If you must purchase a new basket, purchase one that is built to last so that you can reuse it.
- **Cut back on packaging.** The Easter Bunny likes to wrap his colorful, goodie-laden baskets with plastic. This year, consider nixing the plastic. It'll cut down on unnecessary waste and the kids will never even miss it.
- **Use shredded newspaper for Easter grass.** Or better yet, veto it altogether.
- **Think about packaging waste.** The Easter Bunny loves to stuff his baskets and eggs full of treats. This year, consider gifts and treats with recyclable packaging or no packaging at all.
