Inspector Comments:

Sanitizer still not working in Dishwasher. Per translator, EcoLab has been unable to repair and will replace within next two weeks. Continue to rinse all dishes, pots/pans and utensils in bleach water as discussed until dishwasher repaired. Need to get sanitizer test strips to test strength of sanitizer. At time of inspection, Sanitizer in 3 compartment sink was strong enough.

Overall Inspection Comments

Dishwasher must be repaired or replaced by 6/26/15.
