AUTHORIZATION TO ENTER PRIVATE PROPERTY

AUTHORIZATION TO ENTER PRIVATE PROPERTY

Government Code Section 65105 authorizes County Planning Department personal, in the performance of their duties, to enter property and make examinations and surveys which do not interfere with use of the land by those person (s) lawfully entitled to the possession thereof. Often times responsible and trustee agencies must also be consulted and given the opportunity to review and comment on proposed projects, necessitating their entry onto the property in order to obtain all relevant information needed to process and application in a timely way.

If County and affected agency personal are not able to enter the project site/ property, significant delays in the processing of the project, particularly the environmental review of the project, could occur and the project applicant may be required to hire consultant to submit information necessary to prepare the environmental documents address the project site.

I have read and understand the foregoing. I authorized the County and other affected personnel to enter the property located at:

_____ for the limited purpose of examining the property with respect to the proposed project/land use, upon making reasonable efforts to give me a 24-hour notice of intended entry.
