\_\_\_\_ Please check here and return if you no longer have bees in the County of Tehama. No fee required.

# of hives	Description* <i>(Continues on back for more locations)</i>	GPS coordinates	Street address

\*Describe LOCATION so it can be plotted on county map using roads, canals, intersections, landmarks and ranch names, giving direction, distance and side of road; or show Quarter Section, Section, Township and Range.

## **REQUEST FOR PESTICIDE NOTIFICATION**

Per California Code of Regulations Section 6655, the county of Tehama is established as a region for the notification of apiary owners of pesticide applications by pest control operators who are required to give notification to beekeepers. Notification is done by **Tehama County Department of Agriculture**.

### **Preferred Contact**

Check one: \_\_\_\_ No, I do not request pesticide notification.  
\_\_\_\_ \*Yes, I do request pesticide notification.

Name \_\_\_\_\_  
 Phone (voice) \_\_\_\_\_  
 Email \_\_\_\_\_  
 Text

I hereby request to be notified before pesticide applications as provided for in Section 29101 of the California Code of Regulations and Title 3 California Administrative Code Section 6654.

The beekeepers must be able to receive messages between 8:00 AM and 5:00 PM, 7 days a week. Information regarding the intended application is given to the beekeepers. It is the beekeeper's responsibility to notify the pest control applicator within 24 hours that the application can commence.

I understand that if I fail to submit my request for pesticide notification to the Agricultural Commissioner in writing within the 72 hour period before relocating I may not be entitled to recover damages for any injury from pest control operations. I also will not recover damages if I fail to properly post an identification sign at my apiaries or am not available for notification at the hours I have designated above. I understand that this "REQUEST FOR NOTIFICATION" will expire on December 31 of each year.

**INTEGRATED PEST CONTROL ADVISORY No. 07-2022**

To: All County Agricultural Commissioners

Date: October 3, 2022

Place: Sacramento

Phone: (916) 262-1102

From: Plant Health and Pest Prevention Services

Subject: **Apiary Registration Fee Suspension and Registration Continuance**

This advisory is to address apiary registration requirements. Per the Food and Agricultural Code (FAC) Division 13 §29040:

“Every person that is the owner or is in possession of an apiary which is located within the state, on the first day of January of each year, shall register the number of colonies in each apiary which is owned by the person and the location of each apiary...”

In addition, FAC section §29044 was recently updated through legislation and requires an associated registration fee to be identified in regulation. The California Department of Food and Agriculture is working with the Apiary Board to establish a proposed fee schedule for apiary registration. There will be no registration fees collected until the schedule has been finalized in regulation. However, counties should still be accepting registrations per FAC §29040 and §29043. The lack of a registration fee does not impact the beekeeper requirement to register.

For questions regarding this advisory, please contact Robert James at [Robert.James@cdfa.ca.gov](mailto:Robert.James@cdfa.ca.gov).
